Try us for a couple of walks before joining

Coach pickup points and times are on the back page

Walking, especially with a group, is a good form of exercise and an excellent way to stay healthy.

Our walks are a mix of exercise, a picnic, socialising, and fresh air (and occasionally a little rain or mud).

If you decide to walk with us, we advise that you bring suitable, robust footwear such as walking boots or walking shoes. Depending on the weather, waterproofs and a change of footwear is recommended.

The walks are fairly easy, between 6 and 8 miles long at a moderate pace, and suitable for most people. Uphill sections do occur but they are usually steady inclines and not too steep. You ascend at your own pace and we make sure that no-one gets left behind.

We have a refreshment break usually en-route but sometimes at the start of the walk, depending on location. If you are walking with us you will need to bring some sort of packed lunch and a drink for the lunchtime stop.

If you want to walk ahead of the leader on the walks, please ask their permission to do so.

If you don't want to do the planned walk with the group but would like to explore the area on your own, you are welcome to join us on the coach for the same price.

Coach outings are generally run between February and October.

The programme is subject to change, so please check the website for updated information before a walk.

The Group does not accept liability for accidents or injury sustained on any Group activity.
